### **Transfer fluids quickly with the benefits of peristaltic pumps.**

The new SP400FO tubing pumps solve your general fluid transfer applications with a compact, easy-to-use system. Enjoy the benefits of peristaltic pumps – self-priming, dry run and limited fluid contact for better fluid handling. Select from a range of long-life tubing options for the best fluid compatibility. Rated for continuous-duty, these pumps can be used in a wide range of applications in your plant. Request a FREE product sheet today! – APT Instruments, P.O. Box 585, Elkhorn, NE 68144, 877.324.5444, 217.498-0342, FAX 217.498.0352.
